

The ASVAB Career Exploration Program provides high-quality, **career exploration and planning materials at no cost** to high schools throughout the country. The Program encourages students to **explore a wide variety of careers**, rather than limiting their exploration by telling them what they can or should do.

## Who Benefits?

**Students explore occupations in line with their interests and skills**, and also develop effective strategies to realize their career goals. **Counselors receive a comprehensive program** based on current career development theory and practice. They can make use of ready-to-use activities that align high school courses with career planning. **Schools gain a career development program** that meets the needs of today's students, whether they plan to enter the workforce right away or pursue further education. **The Program presents a full-spectrum of career opportunities** to students, regardless of their gender, ethnicity, or ability level.

## What are the Main Components?

### Multiple-Aptitude Test

The ASVAB test covers eight areas including science, word knowledge, mathematics, and mechanical comprehension. It assesses a student's ability to learn new skills and is a predictor of success in training and education programs.

### Interest Inventory

The FYI is a 90-item interest inventory based on John Holland's widely accepted theory of career choice. When students complete the FYI, they have three interest codes to use with the OCCU-Find for career exploration.

### Career Exploration Tool

The OCCU-Find contains 400+ occupations sorted by interest codes so students can identify the occupations that match their own interests. The online version links directly to O\*NET and OOH job descriptions.

### Holland (RIASEC) Codes

## What High School Counselors Say About ASVAB...

*Students have the opportunity to learn more about themselves and therefore can make better decisions about their career choices.*

*It's a great break-down of their types, and it links seamlessly to appropriate careers. It also interests students in careers they may not have otherwise considered.*

### Career Intentions of ASVAB Program Participants\*

- 49% - 4-yr College
- 9% - 2-yr College
- 2% - Vo-Tech
- 13% - Military
- 3% - Work
- 24% - Undecided
